

## Report2: Sustainability & Expert Advice

- **Small Talk and Follow-ups:**

- Check if the client's family has plans set for the upcoming holiday period at the golf resort.
- Reflect on any discussions regarding golf courses visited previously and related experiences.

- **Summary of Last Meeting:**

- Expressed a strong desire for gaining expert advice on sustainability best practices.
- Client showed interest in consulting firms with a strong historical track record in sustainability.
- Agreement to review expert recommendations was reached.

- **Focus on Recent Activities & Products:**

- Provided insights into best practices in sustainability and identified potential expert consultants.
- Introduced the PIMCO Active Bond Exchange-Traded Fund:
  - Key Features: Actively managed, diversified high-quality bonds, focused on investment grade debt securities.
  - Alignment: Aligns with client's desire for current income and long-term capital appreciation, demonstrating sustainability in investment choices.
  - Recommended action: Evaluate potential benefits of this exchange-traded fund and its implications for sustainability practices.
- Discussed the PIMCO Income Fund as another potential option; compared for its versatility in volatile markets.

- **Conclusion & Next Steps:**

- Schedule a call with a sustainability consultant for in-depth exploration of potential alignment with fund investments.
  - Consider the practical implications of PIMCO Active Bond Exchange-Traded Fund sustainability initiatives.
  - Plan to reassess investment goals surrounding sustainability at the next follow-up meeting.
-
